

TRANSFER AND ENTREPRENEUR CENTRE

Fair program / fair calendar

Up-to-date and future planned booths in the framework of "Research for the future" for the following fairs:

LASER World of PHOTONICS 2019

When: 24. - 27. June 2019

Where: Munich

Industry sectors:

Technologies, inventions, innovations, metal working and processing, welding technology, technical optics, laser technology

Main areas:

additive manufacturing, lighting technology, image processing equipment, biotechnology, services, fiber optics, research and development, imaging, information technology, laser processing systems, laser devices, laser optics, laser technology, LiDAR (Light detection and ranging), medical technology, metrology, metalworking, microwave engineering, optical measuring instruments, optoelectronics, photovoltaics, testing technology, sensor technology, safety technology, system components

[more ...](#)

SENSOR+TEST 2019

When: 25. - 27. June 2019

Where: Nuremberg

Industry sectors:

C-techniques, factory automation, measurement and control technology, electrical engineering, electronics, laboratory technology, biotechnology

Main areas:

Automation systems, research and development, laboratory technology, material identification technology, measuring instruments, measurement technology, testing technology, quality control, sensors, sensor systems, sensor technology, software

[more ...](#)

RAPID.TECH + FABCON 3.D 2019

When: 25. - 27. June 2019

Where: Erfurt

Industry sectors:

Technologies, inventions, innovations, plastics and rubber processing

Main areas:

Education, CAD / CAM, CAE, dental medicine, design, services, electronics, inventions, research and development, plastics, plastics processing machinery, machinery, medical, instrumentation, metals, testing, software, control systems, tools, accessories

[more ...](#)

COMPOSITES EUROPE 2019

When: 10. - 12. September 2019

Where: Stuttgart

Industry sectors:

technologies, inventions, innovations, textiles (clothing and home textiles, technical textiles)

Main areas:

Services, fibers, plastics, materials, raw materials, technologies, composite textiles, composite material

[more ...](#)

MEDICA 2019

When: 18.-21. November 2019

Where: Dusseldorf

Industry sectors:

Medical technology, health, pharmacy, nursing, supply industry

Main areas:

Pharmaceuticals, medical instruments, surgical needs, diagnostics, services, electromedical equipment, specialist publications, hygiene, communications, hospital equipment, hospital supplies, hospital management, laboratory equipment, laboratory instruments, medical equipment, medical engineering, orthopedic technology, pharmaceuticals, physiotherapy, medical supplies, practice equipment, reagents, x-ray equipment for medical purposes, therapeutics, veterinary medicine, supply industry
